FPGA Computing Systems :
Background Knowledge & Introductory Materials

Quiz Answers

Week 2 : Physical Design

Name   : Harsh Siddhapura

Degree   :   Bachelor of Technology

Dept.   : Information & Communication Technology

----

1. What composes a programmable switch matrix?

A group of 6 programmable switches

None of the others

A group of 6 MUX

A group of 6 transistors

----

2. What is done in the Technology Mapping phase?

Find the best technology implementation for each element using a technology library

Map the FPGA resources

Synthetize the HDL specification

None of the others
